

General Engineering Contractor
License No. 754676

ALL QUALIFIED AND/OR CERTIFIED SAN FRANCISCO LBE Subcontracting Participation Requirement is 17% and **ONLY** San Francisco (Local) Small & Micro-LBE's can be utilized to meet this requirement (Firms certified by SF Contract Monitoring Division). SFPUC-LBE's cannot be utilized. Truckers and Material/Equipment Suppliers are requested to forward bids for the following project. We encourage subcontractors quotes to utilize other LBE firms through second tier subcontracting, owner-operated equipment, or purchase of materials. This also includes requests for Non-LBE sub/material quotes from qualified subcontractors, trucking firms and material suppliers. *We are also encouraging DBE's and SBE's for this contract and are posting this AD 30 days in advance of the bid date requesting DBE's also participate in the* **San Francisco Westside Recycled Water Pump Station and Reservoir**

Contract No. WD-2797

The project is also subject to have all subcontractors listed in the bid with a DIR Number.

The objective of the project to construct a new underground 840,000-gallon reinforced concrete reservoir and above-ground pump station within Golden Gate Park, adjacent to the existing GGP Central Pump Station site. The new recycled water pump station will include four (4) 100 horsepower pumps (3 duty + 1standby), two (2) 8,500 gallon hydropneumatics tanks, associated pipeline, valves, ventilation, and electrical and instrumentation & controls systems. The new recycled water pump station and reservoir will serve Lincoln Park and the Presidio.

Mitchell Engineering request Subcontractors/Vendors and Trucking proposals in the format of the bid form for the following:

- Traffic Control
- Electrical
- Trucking
- SWPPP
- Landscape
