

## REQUEST FOR LETTER OF INTEREST

Walsh Construction Company II, LLC (Walsh) is seeking responses to this formal Request for Letter of Interest (RLI) from qualified **DBE/SBE** subcontractors/suppliers for the following project:

**Project No. 11431.66 San Francisco International Airport (SFO) Recycled Water System Project**

**Project Location: San Francisco International Airport.**

**Seeking interest from all DBE/SBE Subcontractors and Suppliers in accordance** with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 USC §§ 2000d to 2000d-4) and the Regulations, and 49 CFR part 26 to ensure nondiscrimination in the award and administration of Department of Transportation (DOT), Federal Aviation Administration (FAA), Airport Improvement Program (AIP), Bipartisan Infrastructure Law (BIL) assisted contracts, and Federal and State funding requirements. Subcontractor trade packages to be issued at a later date will also include NAICS Codes and descriptions.

Walsh is the prime contractor for the Recycled Water System Project for SFO. The project consists of design, construction, permitting, and activation and commissioning of three primary elements:

1. New advanced water treatment facility at the Mel Leong Treatment Plant (MLTP) capable of handling existing discharges of approximately 2MGD from both the Industrial Wastewater Treatment Plant and MLTP.
2. New treatment process to remove PFAS from all MLTP effluent.
3. Distribution system consisting of a 200,000 gallon storage tank and pump station at MLTP, approximately three (3) miles of force main pipeline, and Title 22 compliant connections including to various airport facilities.

Currently, Walsh is solely requesting interest from subcontractors. At a later date, a subcontractor trade package plan will be prepared and published for subcontractor review and a formal pre-qualification and bid solicitation process will be initiated.

**Walsh is seeking interest from subcontracting firms for the following services and/or materials including but not limited to:** Div 01 General Requirements, Div 02 Existing Conditions, Div 03 Concrete, Div 04 Masonry, Div 05 Metals, Div 06 Rough Carpentry, Div 07 Thermal and Moisture Protection, Div 07 50 Roofing, Div 08 Openings, Div 09 Finishes, 09 65 Resilient Flooring, 09 91 Painting, Div 14 Conveyance Equipment, Div 21 Fire Suppression, Div 22 Plumbing, Div 23 HVAC, Div 26 Electrical, Div 31 Earthwork, Div 32 Exterior Improvements, Div 33 Utilities, Div 33 09 10 Instrumentation and Control for Water Utilities, Div 34 Transportation, Div 35 Waterway and Marine Construction, Div 40 Process Interconnections, Div 41 Material Processing and Handling Equipment, Div 42 Process Heating, Cooling, and Drying Equipment, Div 43 Process Gas and Liquid Handling, Div 43 41 45 Fiberglass Reinforced Plastic Tanks, Purification, and Storage Equipment, Div 44 Pollution and Waste Control Equipment, Div 45 Industry Specific Manufacturing Equipment, Div 46 Water and Wastewater Equipment, Div 46 60 Water and Wastewater Advanced Treatment Equipment, Div 48 Electrical Power Generation.

There may be opportunities to break out portions of work into economically feasible units to facilitate DBE participation.
